NEW ONLINE EBOOK SERVICE FOR OUR PATRONS

Welcome to the innovative world of Freeding! We are among the initial group of libraries throughout North America to offer the Freeding™ eBook Service. We're especially proud to be the first in SALS (Southern Adirondack Library System) to offer this service to patrons!

Freeding™ is a service that allows patrons registered at the Round Lake Library to download books. It is very easy to use and has a growing collection of fiction and non-fiction titles for your reading pleasure. It also allows more than one person to read a book at a time, eliminating the need to reserve books. Freeding™ has apps for the iPad®, iPhone®, and Android™ tablets and phones, is compatible with the Kindle Fire, the Nook devices, and Kobo devices, and can be downloaded onto your computer as well!

Round Lake Library cardholders can download books by going to www.roundlakelibrary.org and clicking on the big red Freeding™ logo. After typing in your card number, you are free to download books of interest to you. They will be checked out to you for a two-week period, and they are renewable. Not only will this be a great service for individuals, but book groups and study groups may find it a great new way to access multiple copies of a title!

And don't forget the other great online services we provide for registered patrons:

- Freegal* *A free music download service, with new songs added every week.*
- Rocket Languages* *A free language learning service with eleven languages for you to choose from.*
- Overdrive* *A free audio and eBooks download service. This service allows only one patron to borrow a book at a time, so you may put yourself on a waiting list, if the book you want is not available.*

If you are not a registered patron or are unsure, contact the Library for further assistance. Our staff will help you reassign your SALS card to the Round Lake Library so that you can use these free services.
